RE: L.E. CARPENTER PROJECT  
WHARTON, NEW JERSEY  
1986 ADMINISTRATIVE CONSENT ORDER  
FIRST QUARTER 1992 PROGRESS REPORT

Dear Ms. Purcell:

Roy F. Weston, Inc. (WESTON) presents on behalf of L.E. Carpenter and Company, in accordance with Paragraph 35 of the 1986 L.E. Carpenter/New Jersey Department of Environmental Protection and Energy (NJDEPE) Administrative Consent Order, the first quarterly report for 1992 covering February through April, 1992. Water level elevations were measured at the L.E. Carpenter site on 27 February, 7 April and 27 April, 1992. Groundwater samples for volatile organic compound plus xylene analysis were collected from MW-2 through MW-5 on 7 April, 1992. Organic compound concentration, groundwater flow and product thickness patterns for the first quarter of 1992 are similar to those presented in previous quarterly reports. The Enhanced Immiscible Product Recovery System recovered approximately 478 gallons of product during this quarter.

If you require any further information, please feel free to contact me at (908) 225-3990.

Very truly yours,

ROY F. WESTON, INC.

  
Martin O'Neill, CHMM
